Simply Green Home Services
2225 Sheppard Ave E., Suite 800,
Toronto, ON M2J 5C2

Dear,

I saw the opportunity to work with Simply Green at the website. I am an environmental engineer with over five years of experience in customer experience and sustainability. For the last four years in São Paulo, I have been working on environmental projects and startups. I supervised companies' licenses and certification processes. I also created a sales channel from scratch, which in only 5 months has guaranteed over 300 tons of packaging material to be recycled or compensated in Brazil.

I am passionate about impacting people, the environment, and communities. Furthermore, I have strong communication skills and high proficiency in computer CRMs systems.

I will dedicate myself for the next 1 year to the post-graduation course on Project Management, which provides me part-time availability to work for Simply Green, as a Customer Experience Consultant and contribute to its growth.

Many thanks for considering my request. I would appreciate the time to set up a call or a coffee,

Rafaella Sena
